Supervision and Management

The post holder will often be required to work without direct supervision due to the times of work and/or nature of the duties.

Problem Solving and Creativity

Identifying and responding to any problems arising from machinery and equipment breakdowns, or other incidents occurring out of school hours.

Identification of health and safety hazards throughout the school premises.

Need to make correct decisions which may have immediate impact on the school operation.

Key Contacts and Relationships

Daily contact with the Headteacher (or other nominated supervisor) and cleaning staff. General contact with other school staff and contractors/suppliers.

Decision Making

Making appropriate arrangements for repairs to be carried out, as authorised by the Headteacher responding in line with agreed school policies and procedures.

Resources

Cleaning equipment (e.g. buffing machine) and chemicals will be used on a regular basis. Basic understanding of the operation of school alarm and heating systems will be required. Training and appropriate personal protective equipment will be provided.

Working Environment

Norton is a 10 class school, with approximately 300 pupils. The site is comprised of both traditional and modern buildings. We have a dual level playground and a school field.

Some cleaning tasks and some lifting is required. Routine cleaning may include the movement and handling of cleaning equipment, machinery and school furniture.

Cleaning and maintenance duties may involve dealing with blocked drains and blocked toilets, including clearance of vomit and excrement.

Site maintenance activities will require some outdoors work in adverse weather conditions, including the provision of safe access to school buildings when snow or ice problems occur.

A physically demanding job where frequent handling techniques etc need to be deployed.
