Welcome

Thank you for taking the time to consider the Headteacher vacancy at West Monkton Church of England Primary School.

We are proud to be a Church of England School and part of The Oak Partnership Trust. This is evidenced by our strong Christian Ethos; particularly with regards our values that help every child, who passes our doors, to feel safe, nurtured and able to thrive.

We offer our children a rich, broad and balanced curriculum along with stimulating environments, which promote learning and helps them to be inspired, enjoy their time at school and achieve.

We are committed in our pursuit of excellence; continually reviewing our practice and identifying areas for school improvement. The children at West Monkton are succeeding, fulfilling their potentials and leave having faith in what lies ahead.

West Monkton's Vision and Values

'A place for growing together and learning to fly.'

Our aims:

West Monkton is a popular and oversubscribed school. It benefits from dedicated staff, supportive families, and a collaborative Trust structure that values professional development and shared excellence. The school's location in a diverse and expanding area brings both richness and opportunity, making it a rewarding environment for a leader who is committed to inclusion, innovation, and community partnership.

Above all, West Monkton is a school with a strong heart and a clear purpose: to give every child the confidence, skills, and character to "learn to fly."

Its next Headteacher will join a dedicated team who believe deeply in children, value relationships, and take pride in being part of a kind, ambitious, and forward-looking school family.

We hope you are inspired to lead us in our next chapter...
